COURSE AND WORKSHOP

Fractures of the **Acetabulum** and **Pelvis**

September 9 - 14, 2007

Hotel Le Méridien Montparnasse
Paris • France

Chairmen:

Frédéric Laude, M.D.

Paris, France

Joel M. Matta, M.D.

Los Angeles, USA

Welcome

Prof. Emile Letournel in 1984, then the world's foremost expert in the field conducted the first course: Fractures of the Acetabulum and Pelvis in Paris, this being the first international course on the subject. The current course will be the 19th in this lineage. Despite the death of Professor Letournel, the course has prospered and developed regarding its content and faculty. Though it has been frequently imitated it remains the first and we believe the best.

Welcome to the 19th Emile Letournel Institute Course and Workshop!

Course location

The course will take place at "Le Méridien Montparnasse" in Paris, close to Saint Germain des Prés.

Hotel Le Méridien Montparnasse
19 Rue du Commandant
Mouchotte

Important Notes

- Name Badges must be worn to be admitted to course functions.
- For the courtesy of all participants, please turn cellular phones and pagers off.
- We appreciate your support in maintaining the integrity and security of the educational conference.

Educational Objectives

Upon completion of this course, the surgeon should be able to:

- Explain the classification of acetabular and pelvic fractures and choices in acute care management.
- Delineate algorithmic choices in surgical approach and intraoperative techniques based on patient and fracture characteristics.
- Assess the selection and use of fracture devices and instrumentation based on fracture type.
- Discuss the prevention and management of peri-operative complications.
- Assess the surgical management of the live patient case.*
- Demonstrate the application of devices and instrumentation on cadaver models.*
- Examine attendees' cases in small groups to determine surgical choices and show-case outcomes.
- Evaluate clinical studies and outcomes and the potential impact on changes in practice.

* Not applicable for attendees not registered for Wednesday's activities.
